

## Mobile Developer (f/m/n)

Full time - Karlsruhe, Germany

**Our mission is to bootstrap the Service 4.0 industry.**

### Responsibilities

- You are passionate about constantly and sustainably improving a modern, hybrid web app that is used by millions of users every day in order to offer our customers the best user experience.
- You take a holistic view of your work and, in addition to development, take care of topics such as test automation and CI/CD.
- You like to work in a young team with a living feedback culture.

### Required Skills

- Bachelor's or Master's degree in computer science, engineering or related field.
- At least two years of experience in hybrid web application development.
- Experience in product integration of complex services.
- Experience with native iOS and Android development.
- Strong knowledge of user-centered design development methodologies and tools to develop an understanding of user needs.
- Logical thinking skills, ability to work in a team and willingness to learn new technologies.
- Good command of English, both written and spoken.

### Your HR contact person

320EAST GmbH, Karlsruhe  
Mrs. Susanne Anselment

## Why 320EAST

An open, respectful and value-oriented corporate culture that is lived by all employees

An agile, open-minded and international team

A Startup culture in which you can develop yourself and release your full potential, both professionally and personally

A mentoring program, which accompanies you from your first day at work and provides you with advice and support

Excellent working conditions in modern offices

Countless benefits such as team events, flat rate for hot and cold drinks, smoothies, daily fresh fruits and vegetables, healthy snacks, team lunch and much more

## About 320EAST

320EAST is a German technology company based in the center of the Karlsruhe technology region. We develop and operate our IoT platform as a SaaS solution with our own hardware.

Our mission is to bootstrap the Service 4.0 industry.

Due to the daily increasing lack of personnel, the quality of services changes to the negative. They come to a standstill or are not offered at all. Our platform of hardware and services provides a broad technical and operational foundation for service providers (our customers) worldwide.

We not only provide a measurable way out of the service dilemma, but also create new business opportunities for service providers.

„One-Stop IoT SaaS boots up Service 4.0“

320EAST GmbH is located in Karlsruhe (Register Mannheim), Germany.

**We look forward to receiving your application by e-mail with a meaningful CV and photo.  
You are welcome to show work samples and name references.**
