

Backend Developer PHP (f/m/n)

Full time - Karlsruhe, Germany

Our mission is to bootstrap the Service 4.0 industry.

Responsibilities

- You will work on the Microservices of our One-Stop IoT SaaS.
- You develop, test and roll out new features.
- You improve the test and deployment automation to reduce the time to market of new features.
- You have experience with tools for quality measurement and assurance of the source code.
- You enjoy working in an agile environment and are not afraid of new challenges.
- You are part of our rotating 24/7 DevOps team which cares about the health status of our service.

Required Skills

- You have a degree in computer science or are trained as an IT specialist (f/m/n) in application development or have comparable qualifications.
- You design, implement and operate cloud-based microservices.
- You have several years of professional experience in system administration in medium-sized companies on Linux with databases (MySQL) and PHP application servers.
- You have extensive experience in optimizing IT operations from an application perspective.
- You have a strong understanding of efficient methods and techniques for application management as well as continuous striving for optimization.
- You work in a structured manner and have strong communication and teamwork skills.

Excellent working conditions in modern offices

Countless benefits such as team events, flat rate for hot and cold drinks, smoothies, daily fresh fruits and vegetables, healthy snacks, team lunch and much more

About 320EAST

320EAST is a German technology company based in the center of the Karlsruhe technology region. We develop and operate our IoT platform as a SaaS solution with our own hardware.

Our mission is to bootstrap the Service 4.0 industry.

Due to the daily increasing lack of personnel, the quality of services changes to the negative. They come to a standstill or are not offered at all. Our platform of hardware and services provides a broad technical and operational foundation for service providers (our customers) worldwide.

We not only provide a measurable way out of the service dilemma, but also create new business opportunities for service providers.

„One-Stop IoT SaaS boots up Service 4.0“

320EAST GmbH is located in Karlsruhe (Register Mannheim), Germany.

We look forward to receiving your application by e-mail with a meaningful CV and photo. You are welcome to show work samples and name references.
